Abstract

This is an instruction for a manuscript preparation for the IE Network Conference. Please follow this guideline strictly as it would appear in the proceeding without retouching. An abstract should contain a single paragraph and its length should not exceed 25 lines. It should include a concise statement of objectives and a summary of important results.

Keywords: 3-5 words, TH SarabunPSK 14 point size

1. Introduction

This manuscript is prepared for IE Network Conference 2017, held in Chiang Mai. Please carefully prepare your manuscript accordingly.

2. Structure

The manuscript should consist of title, authors and their affiliation, also indicating corresponding author. The manuscript should not exceed 4-6 A4 pages.

2.1 Page Layout

The manuscript must be arranged in A4 format (21.0 cm. x 29.7 cm.) with two columns of 77-mm wide and 6 mm. separated. The margins on the top, bottom, right and left are 25 mm. Indent of 7.5 mm. One line spacing between main section is required.

2.2 Fonts

The manuscript must use THSarabunPSK. (Available for download at <http://www.moe.go.th/moe/upload/news20/FileUpload/20883-6266.zip>) Please set the style as

follow: Title is 18pt Bold; Author information is 14pt; Section heading and subsection heading are 14pt Bold; Text body is 14pt.

3. Numbering

To refer figure, table and equation, use Arabic number in sequence. For equation, equation number must be addressed in the bracket, on the right-most of the line. For example,

$$F = ma \quad (1)$$

Where F is the force, m is mass and a is acceleration.

Equation must be formatted with MathType or Equation Editor, with Cambria Math 10pt font.

3.1 Reference

To Refer a reference, use Square brackets, referring reference number in Reference section. Reference must be sequenced in [1], [2],...

3.2 Figure and Table

Figure should fit a column. However, in case of important figure with significant detail, it can be extended to full paper width. Figure is preferable if prepared in Visio, Adobe Illustrator, Macromedia

Freehand.

Every figure must be sequenced, numbered, titled and referred in the text body. Figure must be centered and spaced one line both before and after text.

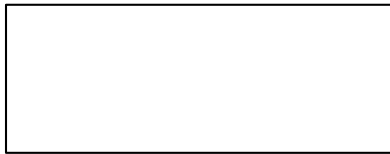

Figure 1 Figure Title (THSarabunPSK 12pt)

Table must also be sequenced, numbered, titled (above the table) and referred in the text body. Table should be aligned left and spaced one line both before and after text.

Table 1 Table Title (THSarabunPSK 12pt)

x	a_r / m_r	$2\zeta_r \omega_r$
0.1	2.7470e+01	2.7483e+01
0.5	3.5352e+01	3.5360e+01
